**The Language Track** is an intensive course where students can choose between English and French and dynamic instruction tailored to their age and skill level, whether they are a beginner, intermediate, or advanced learner.

**Alpine Leadership** challenges students to go beyond their comfort zones in a safe, engaging, and supportive environment, led by experienced instructors and local guides. Students spend three hours each morning engaged in dynamic outdoor activities. Emphasis is placed on teamwork and leadership, fostering confidence and decision-making skills.

**Experiential Entrepreneurship** will teach you how to identify problems, brainstorm impactful solutions, envision the future, and transform your ideas into tangible actions.

Interactive workshops with companies will provide insight into the practical aspects of bringing an idea to life.

Includes field trips to startups and talks with CEOs of innovative companies that will inspire students to think about how they can contribute to positive change. In addition to these immersive experiences, the Experiential Entrepreneurship program features high-profile speakers who have made significant contributions to technology, humanitarian efforts, space exploration, and social entrepreneurship.

**Performing Arts:** Nurture your creativity and develop your skills in the arts. Learn from experienced artists and mentors who will guide you through a variety of workshops and presentations.

**Davinci in the Digital World:** Embrace your inner innovator by exploring the intersections of art, science, and technology. Immerse yourself in cutting-edge digital tools, including 3D design, coding, and robotics.

**Global Minds:** Hone your public speaking, negotiation, and problem-solving skills while enhancing your diplomatic and leadership skills along the way.

### Social Events

From exciting sports nights, cozy family nights that bring everyone together in a warm, community atmosphere, to themed nights designed to cater to a variety of interests and ensure endless fun.

One of the highlights of our summer program is the Final Banquet.

# **FUN FRIDAYS & WEEKENDS**

We take full advantage of our location with exciting weekend adventures. Fantastic Fridays kick things off, where students choose activities like rafting, bowling, or surfing.

Saturdays are for long day trips across borders into Italy or France, while Sundays are for exploring Swiss gems like glaciers, aquaparks and castles after a late start and spectacular brunch.

## **Fun Fridays**

Fantastic Fridays are designed to take a break from your usual routine and immerse yourself in new and exciting activities.

**Examples of activities:** Jumpland \* Surfing \* Canyoning \* Paddleboarding \* Escape Room \* Ropes Course \* Laser Tag \* Rafting \* VR Game Center

## **Weekends**

These trips offer opportunities for sightseeing tours, souvenir shopping, engaging activities, enjoying a meal out, spending quality time with friends, and much more.
